Project Name	Smart Fashion Recommender Application

Setting Up Application Environment
Docker Installation

Step 1

Go the official Docker website: https://docs.docker.com/desktop/install/windows-install/

Step 2

Click that button (Docker Desktop for Windows) and download will start and it takes few minutes to complete.
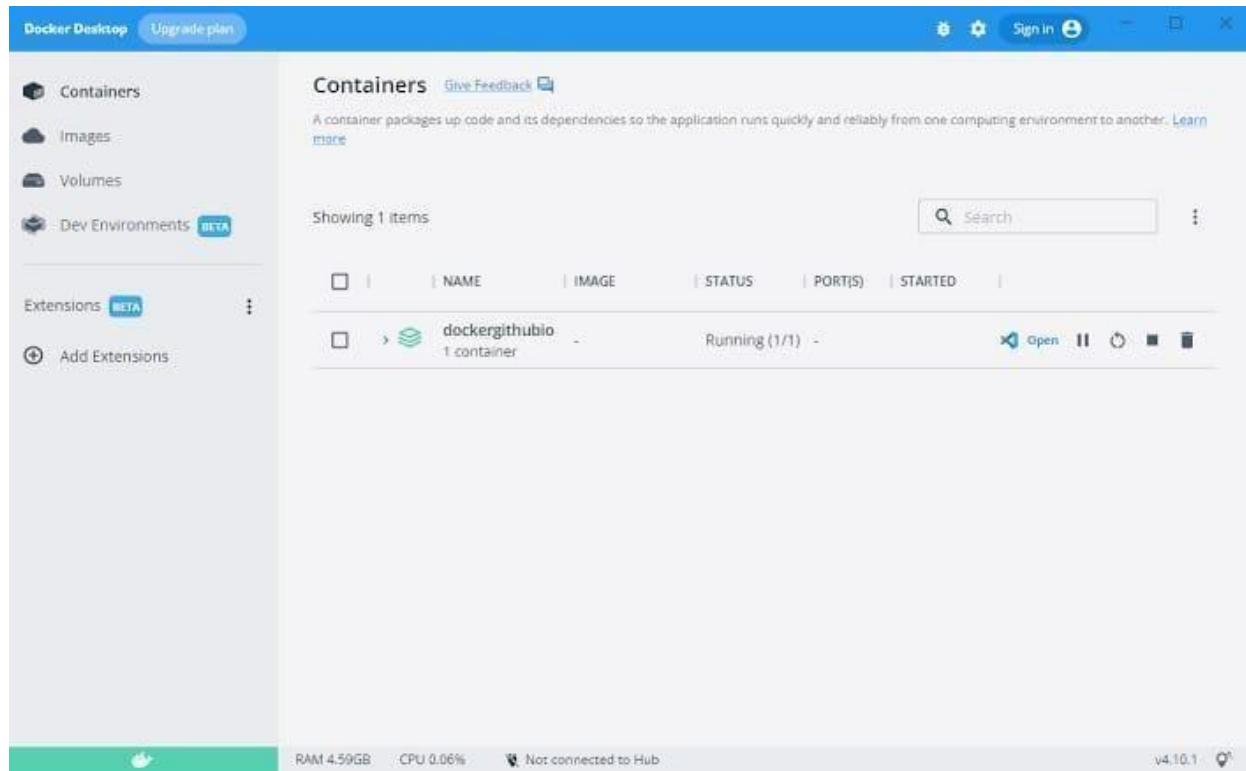

Step 3

Go to downloads in browser (or) type ctrl + J, it will navigate to download page and double click the particular docker file.

Step 4

Now Installation is complete. This icon was added in your desktop. Double-click the icon to start the docker app, you can register and login that app to access those credentials.

Step 5

Docker will start correctly, the left bottom side was shown in green colour, docker will show the status of docker app working successfully.

Step 6

Finally, the docker is installed successfully.
